

Season 124

**Em**

I was waiting for the stuff

**B**

That was in the overloaded boxcar

**Em**

I believe I waited long enough

**B**

I believe I really waited long enough

When I opened up the box

It contained petrified petunias

That was not what I ordered

It was not what I expected

I ordered some superb cheese

To get pas my writer's block

petrified petunias don't help

petrified petunias really don't help

I was chased by an angry chipmunk

He thought I wrecked his place

When all i did was touch the tree trunk

So I quickly got out of his face

I ordered some superb cheese

To get pas my writer's block

petrified petunias don't help

petrified petunias really don't help

I ordered some superb cheese

To get pas my writer's block

petrified petunias don't help

petrified petunias really don't help
